

Certificate

Marina Agueda Oyarzabal

Certificate No.: ABD-F032/10/20-109

has successfully completed a course in

Laboratory Animal Science

for persons carrying out procedures on animals (**Function A**),
designing procedures and projects (**Function B**) and killing animals (**Function D**)

April 2020

The course was organized by the Department of Experimental Medicine and the Department of Veterinary and Animal Sciences, Faculty of Health and Medical Sciences, University of Copenhagen, Copenhagen, Denmark.

The course comprised scheduled theory, practice and self-studies of laboratory animal science, corresponding to 7.5 ECTS credits, and was ended with an oral exam. The course is accredited by the Federation of European Laboratory Animal Science Associations (FELASA accreditation F032/10) and approved by the Danish Veterinary and Food Administration and is in compliance with the Danish Executive Order 12 of 07/01/2016, §56 and to Article 23.2 of Directive 2010/63/EU. It covered, according to the Directive 2010/63/EU and the related EC Guidelines (EC 2014)¹, the following:

Modules

Core Modules	1, 2, 3.1, 4, 5, 6.1
Function Modules	3.2, 6.2, 7, 8, 9, 10, 11
Additional Task Specific Modules	20, 22 ²
Other Additional Tasks Modules	N/A

Use of live animals for

Handling	Mice and rats
Minor Invasive Procedures	Mice and rats

Issued May 2020

Axel Kornerup Hansen
Professor, DVSci, DVM, dipECLAM
Course Director

Klas Abelson
Associate Professor, PhD
